

How to upload an image to EDRS

1. Save image to your device as a jpg, tiff, png or PDF file
2. Click the **Images** tab
3. Go to the **Select File Location** box and click **Browse...**
4. Double click your image to select it
5. Then click **Upload**
6. Your image is now attached to the record. You have the option to view it, print it, or delete it.

Electronic Death Registration System
 Department of Health and Human Services
